

# Help Shape the Future of Housing in Manteca!

## 6th Cycle Housing Element Update Workshop and Survey

### What is a Housing Element Update?

- Goals, policies, and actions to address our current and projected housing needs
- Inventory of sites suitable to accommodate the housing needs allocation for 2023-2031
- Assessment of financial and programmatic resources for housing development, rehabilitation, and preservation
- Analysis of fair housing issues and constraints

The **Housing Needs and Priorities Survey** seeks input from Manteca's residents, business owners, and interested parties to identify current housing conditions, needs, and priorities. The community survey addresses the needs of populations with unique housing needs, including seniors, persons with a disability, including developmental disabilities, large families with 5 or more persons, female-headed households with children present, farmworkers, and the unhoused. The Housing Needs and Priority Survey will be available through May 25, 2023:

Scan Me

The **Workshop** will provide an introduction to the Housing Element Update process, current housing information, and the housing development goals the City must plan for, referred to as the Regional Housing Needs Allocation or RHNA. The Workshop video will be available throughout the Housing Element Update process.

### Attend a Housing Workshop via Zoom

*Two workshop sessions will be held. The materials presented will be the same at each session.*

**Workshop Session #1 - Wednesday, May 3 at 6:00 p.m.**

**Workshop Session #2 – Thursday, May 4 at 1:30 p.m.**

Zoom link: <https://us06web.zoom.us/j/85036629360>

Dial In: +1 669 900 6833 US (San Jose)

Meeting ID: 850 3662 9360

*Zoom link, dial in, and meeting ID are the same for both sessions.*
