

MANTECA TRAFFIC CALMING PROGRAM (MTCP)

The Manteca Traffic Calming Program (MTCP) was approved by the City Council in November 2018

PROGRAM OBJECTIVE

The purpose and goal of the Manteca Traffic Calming Program (MTCP) is to preserve and improve the safety of residents within neighborhoods by reducing traffic volumes or speeds using enforcement and traffic calming measures.

Looking to have traffic calming measures on your street? Please complete the Traffic Calming Request Form on the City's website below.

<https://www.manteca.gov/home/show-publisheddocument/6413/638411021391270000>

INSTRUCTION FOR COMPLETING THE TRAFFIC CALMING REQUEST FORM

- On question #1 provide your contact information.
- On question #2 provide the street limit section, where you are requesting traffic calming (example: Broadway Avenue from A Street to B Street).
- On question #3 provide a description of the traffic issues you are concerned about (attach additional sheets or maps if necessary).
- After completing question #3, submit your application to the City. Submit in person, send it by mail, or attach it to an email. See contact information below.
- Question #4 (the petition) is not required with your initial submittal.
- After submitting your form, City staff will contact you to provide more information about question #4 and the next steps.
